

LEGEND OF RPS

GAME GUIDE

Choose Login from the game's dashboard.

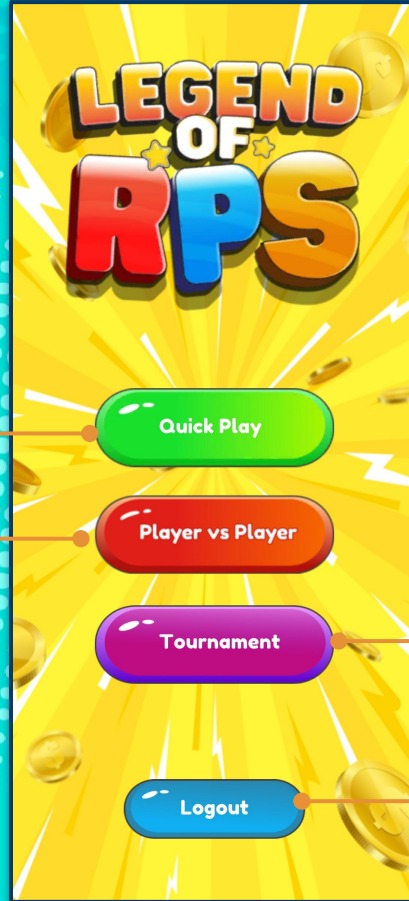

When you log in to the app, you will see the Dashboard.

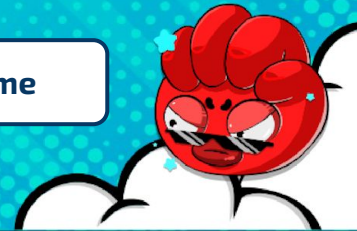

Play vs Computer: You will play with the computer and try to defeat it.

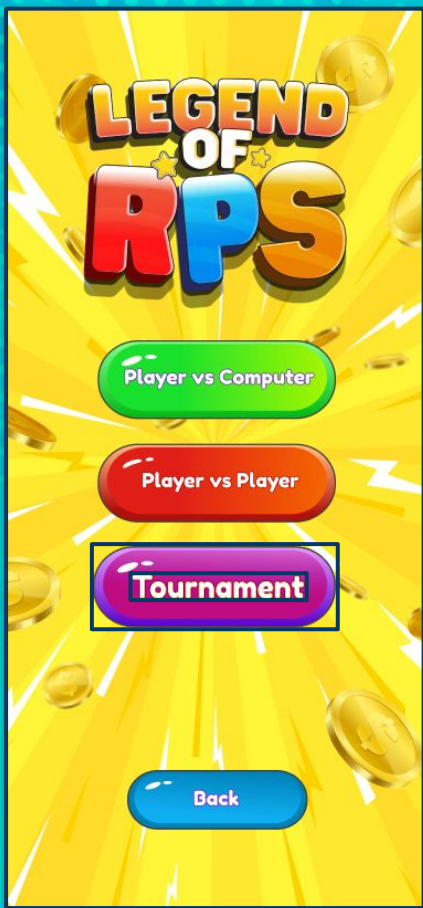

Player vs Player: You will play with another player

Tournament: 8 players play in a knockout format until 1 player

Back to Exit game

After choosing a game mode, you will be directed to the dashboard where you can play the game.

In 1 vs 1 mode:

- The options [Number of coins you want to bet] will be: 100 - 500 - 1,000.
- After choosing the number of coins you want to bet, the server will search and connect with the corresponding opponent.
- When 2 players have completed the connection, the match will start in 3 seconds.
- Both players have 5 seconds to choose rock, paper and scissors.
- The results of 2 players will be displayed, the winner will receive the total bet.
- The system will ask if both players want to continue playing, if both agree, the game will continue.
- If 1 of 2 players refuses or 1 of 2 players do not have enough coins left to bet, the match will be canceled, both will be returned to the main game screen.

In tournament mode:

- 1 tournament will have 8 players.
- Participation fee: 100 coins
- Divide into 4 pairs of matches with the same format as 1 vs 1 mode. Winners will advance to the next round and continue to compete until there is only 1 winner left.
- The winner will get 600 coins, the runner-up will get 200 coins.

Before swapping to coin, you must first import the LRPS token.
